WHAT IS FCE?

RICH HISTORY

Since 1910, a network of friends in communities across the state has shared this common goal:

To educate individuals and community members for the improvement of family and our society.

FCE ladies helping with Smith County Archives

Through our rich history, we have grown from small community clubs to a worldwide network focused on growth through education. You may recognize some of our earlier names: **Extension Homemakers** and **Home Demonstration Clubs**. We welcome all persons without regard to race, color, religion, age, sex, or disability.

MAKE A DIFFERENCE!

GROW & SHARE

Each year FCE provides the opportunity to **make a difference** in the lives of families. With a nationwide network, each club can find a way to serve its community.

LEARN

Ever wonder if what you read is true? FCE provides **research-based information** through the University of Tennessee Extension program. Experience learning with friends as you share your interests at hands-on workshops and meetings. Topics include:

- Human Development
- Nutrition & Food Safety
- Family Economics
- Health & Safety

COME, JOIN US!

LEAD

Leadership development is our focus. FCE members gain these skills by serving as officers, program leaders, and committee members. Together we build better lives for individuals, families, and communities.

HAVE FUN!

Laughter and friendship can be found in every club. FCE camp, day trips, and regional, state, and national conferences provide opportunities to visit new places, enjoy time with friends, and learn new skills.
